Charges..

BULLETIN.
City Attorney Cunningham,
reached Alderman Dulin over long
distance telephone this afternoon
in Milwaukee and informed him
of the situation existing here. Mr.
Dulin said he would leave Mil-
waukee at once and return to
Janesville to act as mayor until
Mayor Welsh returns.

Janesville today not only faces a
serious shortage of experienced police
officers, but it is without a mayor as
far as can be ascertained. Mayor T.
E. Welsh, accompanied by Alderman
John J. Dulin, president of the coun-
cil, left early this morning to attend
the Elks' convention at Manitowoc.
Mayor Welsh left the city this
morning without making any effort to
start an investigation into the charges
made by the five policemen who re-
signed last Saturday night. No call
for a special meeting of either the
fire and police commission or the city
council has been issued and the city
executive is not expected to return un-
til Friday or Saturday.

City Clerk Victor Henning said to-
day that Mayor Welsh informed him
he was going away and he had to carry
the matter until he returned, but he did
not say that Mr. Henning was to be
the acting head of Janesville until the
city executive or the president of the
council returned.

No One on Job.
Efforts to locate several of the al-
dermen during the day proved futile.
No one was able to be reached. Two of
the men said they were not asked to
act as mayor during the absence of
Mr. Welsh.

Alderman L. J. Cronin of the Third
ward said he had not heard of the
departure of Mayor Welsh and he did
not know who would act as head of
the city during the mayor's absence.
Alderman E. Ransom, one of the
senior members of the council and
former chief of police, asserted that
he had not been asked to act in the
capacity of mayor.

Alderman Emil Pautz, when asked
regarding the allegations made by the
officers, said that he did not think
it was up to the council, but was the
duty of Mayor Welsh to order an in-
vestigation.

Both sides are standing pat, one
denying the charges and the other
refusing to investigate the charges and
Mayor Welsh has continually said
that it was a matter for the fire and
police commission despite the state-
ment of Harry C. Nowlan, president
of the board, that it was up to the
mayor to order an investigation.

Council can "Oust."
According to section 5, page 48 of
the city charter the council by a two-
thirds vote has the power to oust any
member of the fire and police com-
mission or of any other official or agent
acting under the position, including
the mayor.

Five days have passed since the
charges were first made public and
since that time other charges have
been made and other stories circu-
lated.

John E. Kennedy has previously
announced that he would not resign,
and furthermore, emphatically denied
the charges. He asserts that he had
nothing to say regarding the police
department and at no time was con-
nected with the movement to secure
a chief of police to replace William E.
Gower.

Acting Chief Gower continues to
head the department and Tuesday Mr.
Nowlan issued a statement in which
he said that he did not know what
was going to be done regarding the
chief's position.

Job Has Been Offered.
It is a known fact that several men
have been offered the position, includ-
ing Fred Underhill, chief of police of
Evansville, Timothy J. Mulcahy, pa-
trol sergeant of the first precinct, Chi-
cago, and one local man. The local
man absolutely refused to even con-
sider the proposition.

As the matter stands today nothing
can be done until Mayor Welsh
returns.

Nowlan said this morning that
he had nothing more to say regard-
ing the affair as it was up to the may-
or to act.

WORK AT POSTOFFICE
The ceiling in the lobby of the post-
office is being painted. Several other
things about the building are being
contemplated it is said.

OFF FOR MANITOWOC
Bright and early this morning Mayor
T. E. Welsh accompanied by Alderman
John J. Dulin, left for Manitowoc to at-
tend the state convention of the Elks.

HOW ABOUT THE PUBLIC?

Mayor Welsh shows little interest in the serious police situa-
tion the city is facing. Although five patrolmen resigned last Sat-
urday after they had made charges against John E. Kennedy,
member of the fire and police commission, alleging that he had
made slanderous remarks about them and threatened to get their
jobs, the mayor left today for Manitowoc to attend a convention.
As far as can be ascertained he did not provide for an acting may-
or in his absence.

As a result the citizens confront this condition: The police
force is not adequate to take care of any emergency which might
arise and the city is evidently without an executive head.

What Mayor Welsh hopes will be the ultimate outcome of such
a situation is a question in the minds of the citizens. Although
almost four days have passed since the policemen quit their jobs,
there has been no move on the part of city officials to provide ade-
quate protection.

It has been suggested through the columns of the Gazette that
the mayor ascertain whether the charges made by the ex-officers,
as relates to Commissioner Kennedy, were true. He has not given
the request consideration. The president of the fire and police
board has declared that the matter is up to the mayor. One mem-
ber of the council declares that it is up to the mayor to make a
move which will clear up the affair. In the meantime, the citizens
—the voters—who elected Mr. Welsh to office, are waiting to get
some satisfaction.

Assurance has been given to the Gazette by many men and
women who believe that they are entitled to a fair deal in civic mat-
ters that they favor the demand to have the charges made by the
policemen cleared up. They are not satisfied with any attempt to
drop matters as they stand.

Since the original charges were made by the policemen, others
have been made and rumors concerning the conduct of Chief
Gower and others connected with the force have been flying thick
and fast.

Chief Gower in a statement yesterday announced that he did
not care to remain on the job under present conditions but he
would not resign unless he could do so with a clean record. He de-
clared that alleged stories circulated about him were purely
"frame-ups" and that he would be able to clear himself if his ac-
cusers would come out in the open.

One of the examples for the need of better police facilities was
shown day before yesterday when the chief had to call one of his
two men in off the street to attend the police headquarters while
he went home to lunch. He then hopped into the old rattle-trap
police patrol and drove home.

A pretty spectacle for a city like Janesville to have her chief
of police put in such a position!

The people of Janesville demand immediate action in this mat-
ter and any attempt to evade the issue will be fought.

THIS MUST STOP

One of the most fendish acts that has been committed on the
public highways of Rock county in years, occurred last night when
either a drunken or insane man hurled a full beer bottle through
the windshield of an automobile containing a Janesville citizen and
five women. The man was seriously injured and the women were
menaced by flying glass.

This outrage occurred on the river road about 10 o'clock at
night. Other accidents have occurred on this road in the past
few weeks. In one, several persons were hurt, among them at
least one girl. When persons went to her aid they thought her
dead but she finally was able to mumble that she was all right but
drunk. Intoxicated automobile drivers have been using the high-
ways leading to and from Janesville almost every day and night.
The state law provides for a heavy fine or jail sentence or both for
conviction of a person driving an automobile while intoxicated.

Every effort should be made by the county officials to appre-
hend the man who committed the outrageous deed. A reward
raised through the Gazette among business men of Janesville will
spur every citizen on to bringing this fellow to justice. The coun-
ty officials could not offer a reward without a consent of the county
board and this means was taken to hasten action.

The district attorney has declared that he will prosecute of-
fenders of this kind to the limit. The sheriff says that he will
bring the offenders in if he can have a special motorcycle police-
man to patrol the roads. The chairman of the county board has
declared he is in favor of clearing the highways of drunken drivers.
It is up to the county board to get busy at once. A special session
should be called without delay and a patrolman provided. As soon
as this road is cleared of reckless drivers there is plenty of work to
be done on other thoroughfares. Everyone in the county will be
benefited.

The highways must be free from the menace of rushing
machines manipulated by men and women filled with booze.
Arrests of the offenders with a good stiff jail sentences or a heavy
fine will stop the evil in a hurry.

The alacrity with which citizens responded to the opportunity
to subscribe to a fund to be used as a reward for apprehension and
conviction of the person who committed the outrage proves that
there is a ready determination on the part of the decent men
and women of the community to clean up some of the conditions
which have been allowed to exist unhindered.

The county board can readily sound this sentiment by making
inquiries in most any community and the members will make no
mistake in getting quick action in regard to furnishing at least one
patrolman.

One thing is most certain. Such conditions will not be toler-
ated and the sooner they are changed the quicker the whole com-
munity will benefit.

A man with his family fears to take them on some of the
roads in Rock county. He has a right to be afraid when men like
the one who hurled the beer bottle are allowed freedom.

It is only a question of time when all the principal highways
will have to be patrolled. With increased traffic the danger of un-
controlled auto driving has become greater. Many counties of the
state maintain a force of patrolmen and they more than pay their
expenses by the fines they turn into the county treasury.

LABOR ASKS WILSON TO OUST BURLESON

Atlantic City, N. J., June 18.—A re-
solution asking President Wilson im-
mediately to remove Postmaster Gen-
eral Burleson from office, was adopted
unanimously today by the American
Federation of Labor in convention here.

BEER BOTTLE INJURES LOCAL MAN

F. A. CAPELLE IS HURT
WHEN UNKNOWN PER-
SON TOSSES MISSILE
THROUGH WIND-
SHIELD.

WOMEN'S LIVES ARE ENDANGERED

Narrowly Escape Flying Glass;
Driver Of Other Car Being
Sought By Sheriff.

The following reward is offered for
the person or persons who threw
the beer bottle through the wind-
shield of F. A. Capelle's automo-
bile on the Afton road Tuesday
night, injuring Mr. Capelle. The
reward is raised by the following
individuals and concerns:
Janesville Barb Wire Co. \$100.00
Chamber of Commerce 25.00
J. M. Bostwick & Sons 25.00
Golden Eagle 25.00
George S. Parker 25.00
Garrett 25.00
McVicar Bros. 10.00
J. P. Cullen 10.00
Harry O. Nowlan 10.00
Total reward \$225.00

F. A. Capelle, 621 South Third street
was badly cut about the head and
face and Mrs. Capelle, Miss Etta Ca-
pelle, Mrs. Herman Frick, Miss Gret-
chen Frick and Mrs. Margaret Sanger
narrowly escaped cuts from flying
glass when someone passing the Ca-
pelle car on the Afton road near the
Seven Oaks dairy about 10:30 o'clock
last night hurled a beer bottle through
the windshield.

According to the story told the po-
lice Mr. Capelle was returning to
Janesville accompanied by his wife
and the other women when a man, evi-
dently under the influence of liquor,
deliberately threw a beer bottle, from
a passing automobile. Mr. Capelle
was showered with the flying glass.
He was hurled to a farm house and
word sent to Janesville for medical
aid. Owing to the many similar affairs
which have taken place on the Afton
road during the past few months, the
police are now on the alert for a
passing machine to stop. After sev-
eral vain attempts a machine was se-
cured and Mr. Capelle brought to his
home. He will be confined for several
days.

Immediately the news was spread
about the city that Mr. Capelle had
been injured and the circumstances
described several business men offered
to subscribe to a fund which will be
used as a reward for the capture of the
person who committed the deed. The
Gazette started the fund and it was
ascertained that the money necessary
for the county board to meet and act
before a reward could be offered by
the county.

Sheriff Beley declared that every ef-
fort would be made to apprehend the
person guilty of the outrage although
the task would be a difficult one be-
cause no one seems to be able to give a
clue to work upon. After the Ca-
pelle car was struck by the glass and his
wife injured, he fortunately was able to
stop the car. The women panic stricken
and confused were unable to give
any details which might aid in the lo-
cation of the car or its occupants. One
of the women declared that she
thought it was a small car and that
four men appeared to be in it. In the
confusion no attempt was made to col-
lect any of the hopes of having
some one along the road get a clue
the occupants of the assailant's car.

District Attorney Dunwiddie de-
clared this morning that he would make
every effort to bring the person to
court and that he would make the
most serious charge possible under the
law.

Yank Army Ready to Act

Coblenz, Tuesday, June 17.—
The concentration of troops pre-
paratory to advancing further
into Germany if the Germans re-
fuse to sign the terms of peace
into Germany Wednesday throughout
all the occupied area. Orders to
this effect were received today
from Marshal Foch, commander
in-chief of the allied armies, who
in his order to all the allied
forces on German soil.

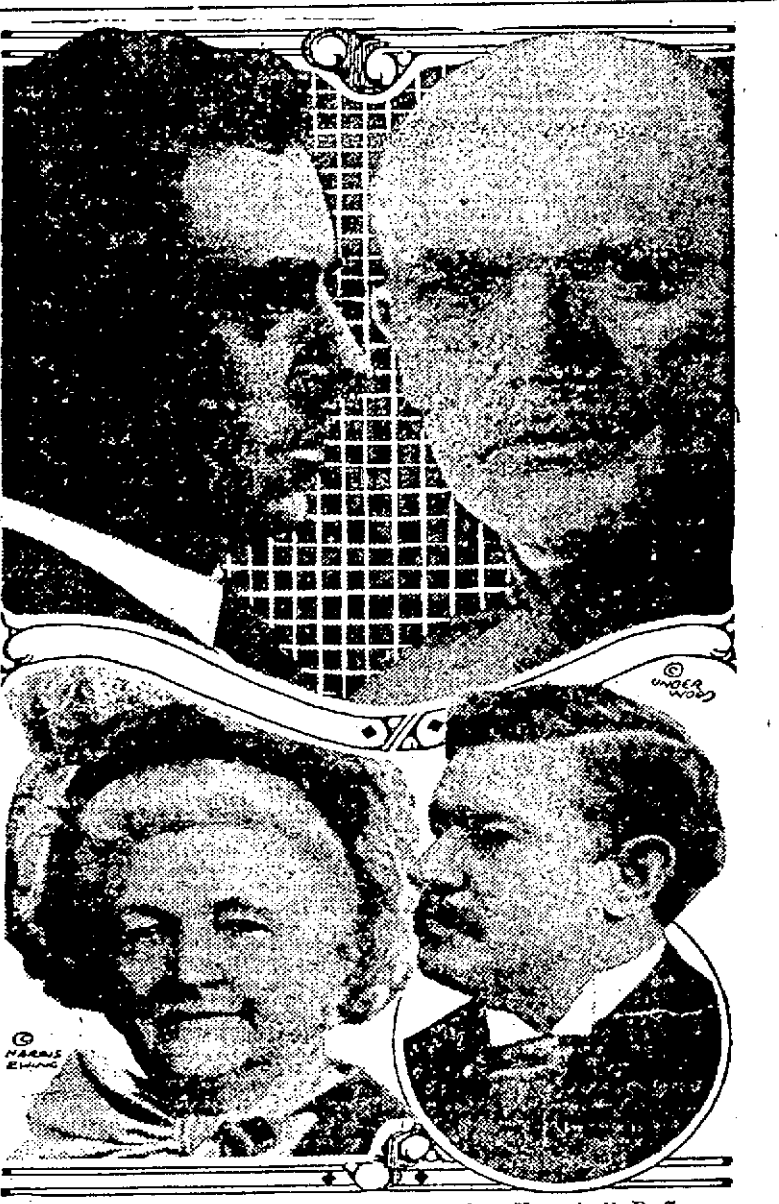

Lieut. General Hunter Liggett,
commander of American forces in
the Coblenz area, said today after
an inspection trip of the bridge-
head outposts and the headquar-
ters of divisions along the Rhine
that the American forces were
all ready to move ahead at a mo-
ment's notice. Leaves to soldiers
permitting them to visit recrea-
tion points within the American
zone have all been suspended un-
til it is known whether the Ger-
mans will accept or reject the
peace conditions.

If the orders come to go ahead,
the Americans will advance in
combat formation prepared for
any emergency, with the artillery
and supply trains following
close upon the heels of the in-
fantry.

Money Strike Not Supported
Atlanta City.—American Federation
of Labor adopted a resolution refusing
to endorse the general strike called
for July 4 as a protest against the
imprisonment of Thomas Mooney.

Washington, June 18.—Rapid de-
velopments in the campaign for the
freedom of Ireland have made Wash-
ington the center of American activi-
ties in behalf of the cause in which
tens of thousands of sympathizers in
the United States have enlisted.
The national mass meeting held at
the mammoth Liberty Hut auditori-
um in Washington at which Justice
Daniel F. Cohalan, New York; Patrick
H. O'Donnell, Chicago; Father Fran-
cis P. Duffy, chaplain of the famous
Fighting 69th regiment of New York;
Mrs. John A. Logan, widow of the
late Civil War general, and Hannis Tay-
lor, former ambassador to Spain, were
the speakers, followed action by con-
gress that added to the enthusiasm of
the workers in this country in behalf
of freedom for Ireland.

WILSONS GREETED BY KING AND QUEEN ON ARRIVAL IN BELGIUM

Adinkerke, Belgium, June 18.—
President and Mrs. Wilson and their
party arrived here from Paris at 8:45
o'clock this morning. They were met
by King Albert and Queen Elizabeth
and at 8:50 o'clock left by motor for
a trip over the Belgian front.

The motor trip was to be across the
Belgian battlefields to Brussels by
way of the famous ruins of Ypres, a
distance of about 110 miles.
The meeting between President
and Mrs. Wilson and the king and
queen was informal. Both the king
and queen entered the railway car to
greet their guests. School children
who had gathered at the station
cheered when the president descend-
ed from his car. The officials of the
province also were present with a
band.

Miss Margaret Wilson, daughter of
the president, E. M. Baugh and
Gen. W. W. Harris were members of
the president's party which left to-
night for Belgium. They will be
conducted through the devastated re-
gions by Belgian officers who
have been detailed for the purpose.

POSTAL TELEGRAPH READY TO END STRIKE

Chicago, June 18.—The
Postal Telegraph company, with a
view to ending the telegraphers' strike
so far as that company is concerned,
today sent a notice throughout the
country that strikers would be per-
mitted to return to work on condition
"up to and including June 26."

"We feel that many of the old em-
ployees merely have been misled and
we want to treat them with the ut-
most fairness by permitting them to
return and resume work with their
former standing," said E. W. Collins,
general superintendent of the company
in Chicago.

What action the strikers will take
depends largely on the decision of the
American Federation of Labor con-
vention.

Union men said reports from all sec-
tions "were more encouraging than at
any time since the strike was called
a week ago."

MC CUMBER COMESTO AID OF WILSON

NORTH DAKOTA SENATOR
TAKES FLOOR IN DE-
FENSE OF NATION'S
SOCIETY.

CHARGES CAMPAIGN OF DISTORTION

Upholds Plan As Entirely Con-
sistent With Constitution
Of America.

[BY ASSOCIATED PRESS.]
Washington, June 18.—Declaring
opponents of the league of nations
have conducted a campaign of mis-
representation and distortion, Senator
McCumber, of North Dakota, a repub-
lican member of the foreign rela-
tions committee, told the senate to-
day the league covenant offered the
only prospect of preventing future
and more terrible wars. He upheld
the league as entirely consistent with
the American constitution and devoid
of any ability to entangle dangerous-
ly or curtail American interests.

"In 20 years in the senate," said
the North Dakota senator, "I have
known but one instrument, whose
terms have been so widely misinter-
preted as the covenant of the league
of nations. That some of it is vague,
I know, and some portions objection-
able from particular viewpoints, but
that it discriminates against us, is un-
fair in its treatment of our country,
or that it imposes on us any obligation
or burden that is not equally borne
by every other nation, I do not be-
lieve. It is a regrettable fact that
the mighty power of eloquence is used
to defame and distort the true mean-
ing of an instrument, the most impor-
tant that ever appeared to the heart
or the soul of man."

"Suppose We Refuse?"
"Suppose we now refuse to join
with the rest of the world in some
scheme to prevent war, what will
happen? As surely as the sun shall
rise every nation will proceed to
vice means for the wholesale destruc-
tion of nations. So desperate will be
the next war that all the hate and
venom created by this struggle will be
infinitely small compared with the
next. And against what race will all
these weapons of death be used?
Against the white race?"

Quoting the declaration of Senator
Johnson of California, that America
by virtue of her isolation does not
need the European powers "as part-
ners," Mr. McCumber said isolation
had long since broken down. A Euro-
pean quarrel having cost this country
in the last few years 50,000 lives and
\$100,000,000. There is no moral
duty incumbent upon any man in his
relation to his fellow man," he con-
tinued, "that is not equally incumbent
upon a nation in its relation to every
other nation. What would you say
of the strong, vigorous man who
would stand on the shore and see a
woman struggling in the sea? Would
he fold his arms and say, 'that is no
business of mine, she is not my wife or
daughter.'"

Wants To Be On The Spot
"Oh, say, suppose our minds make up
our minds what to do when the occasion
arises. What I want us to do is to be
right there on the spot when the oc-
casion arises."

The United States been right
on the spot with an agreement signed
by us and signed by Germany, that
Germany would not make war on
France or any other country except
by a general declaration of nations the
question of the righteousness of her
cause, the world would have been
spared this awful conflagration.

"You talk about our getting this war
for a general principle. The man
who makes that assertion knows that
he falsifies the record. He knows that
we never once said to Germany, 'you
have no right to make war on any
other nation.' We have said that we
have no right to make war on any
other nation."

No Right to Demand.
"We knew all along just what Ger-
many had in mind. We knew her pur-
pose of world domination. But we
acted the right under international
law or under agreement to demand
that she refrain from that hellish pur-
pose. We do not want this country or
any other country to be placed again
in such a position."

"Of course not one of us would have
written this covenant just as it has
come to us. But this covenant repre-
sents the deliberations of nations in
all the grave situations. It comes to
us as a compromise compact. And to
secure the support of this country
special concessions have been made
to us. We have no right to demand
that the instrument given a world sanc-
tion."

"The members of the league un-
derstand to preserve the territorial in-
tegrity only against external aggres-
sion. A community of nations where
there is no other law to appeal
to, may most properly unite to pro-
tect the land of each and everyone
against the avariciously inclined. It
has been asserted that every coun-
try has a right of self-defense. But
the United States would be com-
pelled to help Great Britain pre-
serve her domain against her own in-
ternal revolutions or rebellions. Noth-
ing could be more false. It is only
against external aggression that the
league assures its protection."

Agree to Reduce Armaments.
"The members of the league agree
to the reduction of national armaments.
We have aloft the banners of sever-
ity and independence as a scare-
crow to frighten those who do not
consider that every country has a
right to defend itself. But the treaty
between nations that has ever
been adopted is just as much a sur-
render of our sovereignty and our na-
tion."

GERMANS QUIET; SENTIMENT AGAINST SIGNING TREATY

[BY ASSOCIATED PRESS.]
Weimar, Tuesday, June 17.—No
statement has been issued by the Ger-
man cabinet on the allied reply to the
German counter proposals, but the
Associated Press, learns that senti-
ment in the cabinet is almost unani-
mously against signing the treaty,
which the league of nations is to
object to the possibility of bol-
shevism that they indicated the gov-
ernment was disappointed with the re-
ply.

Berlin, Tuesday, June 17.—Greater
Berlin this afternoon was still without
accurate knowledge of the contents of
the entente reply to the German
counter proposals. Only those in
touch with official quarters were in
possession of the summary of the an-
swer to Germany, as no papers were
published and the Wolff bureau's re-
port was the only transcript of the re-
ply at the disposal of editorial rooms.
The last officials of the foreign office
left this morning for Weimar. An
official telephone message received
underwent an operation today. The
government was disappointed with the re-
ply.

**Beer-Wine Bill
PUT ON CALENDAR**
Washington, June 18.—The house
judiciary committee agreed today to
vote Saturday on a proposal by Rep-
resentative Gaud, democrat, Ohio,
which would authorize the president
by proclamation to modify the war
prohibition of operation today. The
cabinet met at noon. The
lates to the manufacture and sale of

THE WISHING PLANE

Jack heard many an interesting story from the soldiers at Verdun, but the one that thrilled him most was told by a real young boy.

He couldn't have been much more than out of school, Jack thought, for he was still just a lad. And this is

the story that he told, so near as I can recall it. The French and German armies had been battling for days in that neighborhood. The air was just full of giant shells. Airplanes

buzzed overhead. Once in a while every one was made deathly sick by smelling some of the poisonous gases used in the fighting. Dispatch riders on motorcycles flashed back and forth over the road delivering messages to different parts of the French army.

A dispatch rider, you know, has the most dangerous job of anyone. He must carry orders to any part of the battlefield, no matter how terrible the fighting may be. The enemy tries hard to shoot him, so that word he is taking will fail to reach the officers and perhaps fall into the hands of the enemy.

De Bois, for that was the boy's name, had envied the message carriers, even though their work was dangerous. He could ride a motorcycle himself, and he had tried to enlist, but the officers had told him that he was too young.

Two or three times during the day De Bois had helped some of the soldier riders repair their machines when they had broken down near his house on their way to and from the front line. Once he had helped bandage the wounds of one of the men.

The wounded rider told him how he had been carrying orders for two days and a night from the headquarters to the most important part of the line without taking time to rest or eat, let alone sleep. He could have had relief, but knew that a new rider would have a hard time finding the road and locating the officers, so stuck to his

work. Late in the day De Bois saw him come again, bound from head to toe to the front. As he neared the house, De Bois saw his machine wobble and fall. When the French had reached the side of the fallen rider he found that the soldier had been wounded again this time through the chest, and that he had become unconscious while trying to continue his work.

De Bois brought him some water and finally revived him. The rider opened his eyes and when he saw who it was, managed to say, "You must take these orders to General Jules. Keep this road for five miles, turn to your left at the cross road and on through the heavy timber. You will find him on the side of the hill. You must not fail."

Then the rider collapsed again. De Bois carried the soldier into his house, laid him on the bed, made him as comfortable as he could and then ran out to the machine.

It took him but a minute or two to examine the engine and find out that it had been unhurt by the fall. He started the motor running and leaped astride the motorcycle.

"I will tell you tomorrow about his eventful ride."

Young Boy Drowned.

Rhineland, June 18.—The second drowning accident to occur here within a week happened in the Pelican river, when Roy Westcott, the year old son of Mr. and Mrs. Robert Westcott, lost his life. He swam the river and was attempting the return trip when he went down.

1919 City Baseball League May Be Formed

By George McManus.

MEETING OF PLAYERS IS CALLED FOR FRIDAY NIGHT

How does a 1919 city baseball league strike you?

A meeting of all ball players and fans in the city has been called for Friday evening at 7:30 at the local C. A., at which time the possibility of organizing a league of industrial teams will be thrown open to discussion.

Think it over and if you're interested don't fail to attend the meeting and bring along a lot of suggestions. If the league is formed when would be the best time to play—weekends, Saturday afternoons, or both? Shall the teams be uniformed? Where are the umpires coming from? What shall eligibility rules be?

These and a hundred and one other questions must be thrashed out Friday night. The arrangements must be satisfactory to all teams will be adopted. Representatives from each factory and business institution and every baseball team now organized are urged to attend the meeting.

With four fast teams already willing to enter the league things look bright for the securing of two and possibly four more. The Ralls, Samson, Tractor, Wilson Mills, and Products Co. teams are all enthusiastic about the question. The Janesville Machine, Lewis Knitting, Parker Pen, and Skidd companies may organize teams, and get into the competition.

Officials of a number of the large industrial plants have assured W. Porter Craig, "Y" physical director, of their complete cooperation in putting the thing across. Everything looks rosy even though it is coming a little late in the season for the organization plans for several weeks. He has written letters to officials of all plants and has received a number of replies.

Remember! Friday night at 7:30 at the "Y".

JANESVILLE SPORTS LOSE ROLLS AT TOLEDO

Who are the two wise crackers from Janesville who were touched or visited frog skins (noddies) while visiting Toledo Sunday afternoon? That question is being freely asked about the city as the result of a story told in the Toledo Evening American last night by T. A. Dorgan, prominent New York sport writer.

Mr. Dorgan had the following to say regarding the incident. You know the go-getters, those who believe that God helps those who help themselves. Yesterday afternoon, two wise guys from Janesville, who were taken for the well known bank rolls at Toledo's case.

"Jesse has an eight-foot canvas wall surrounding his quarters, but back of that are tall trees, that the kids and others climb and get a free peek."

"Yesterday as the wise crackers from Janesville were looking on, and watching the fight, one of the two had the gold specs taken right off his nose. They swear they got even then. One of them, 'nave' being taken for the bank rolls, 'I am going to get you back with my pocket in' with a fish hook."

"As George Ake once remarked, all the wise guys come from Janesville, the wiser they are the quicker they come."

FIGHTERS HAVE RIGHT TO CHOOSE REFEREE

(BY ASSOCIATED PRESS)

Toledo, June 17.—Jesse Willard and Jack Dempsey will have their heavy-weight championship contest here July 4, despite the prevailing impression that the third man in the ring would be chosen by the army, navy and air force board of boxing control. This developed today, when the board, in accepting Promoter Rickard's invitation to pick the officials for the contest, advised that both boxers be consulted before a definite selection is made.

Willard changed his tactics in his workout yesterday and promises to rest at the performance today. Instead of handling his sparring partners gently, as he did last week, the champion showed himself a punishing, hard hitting fighter.

"Champion Stopper" on Job to Stop July Battle

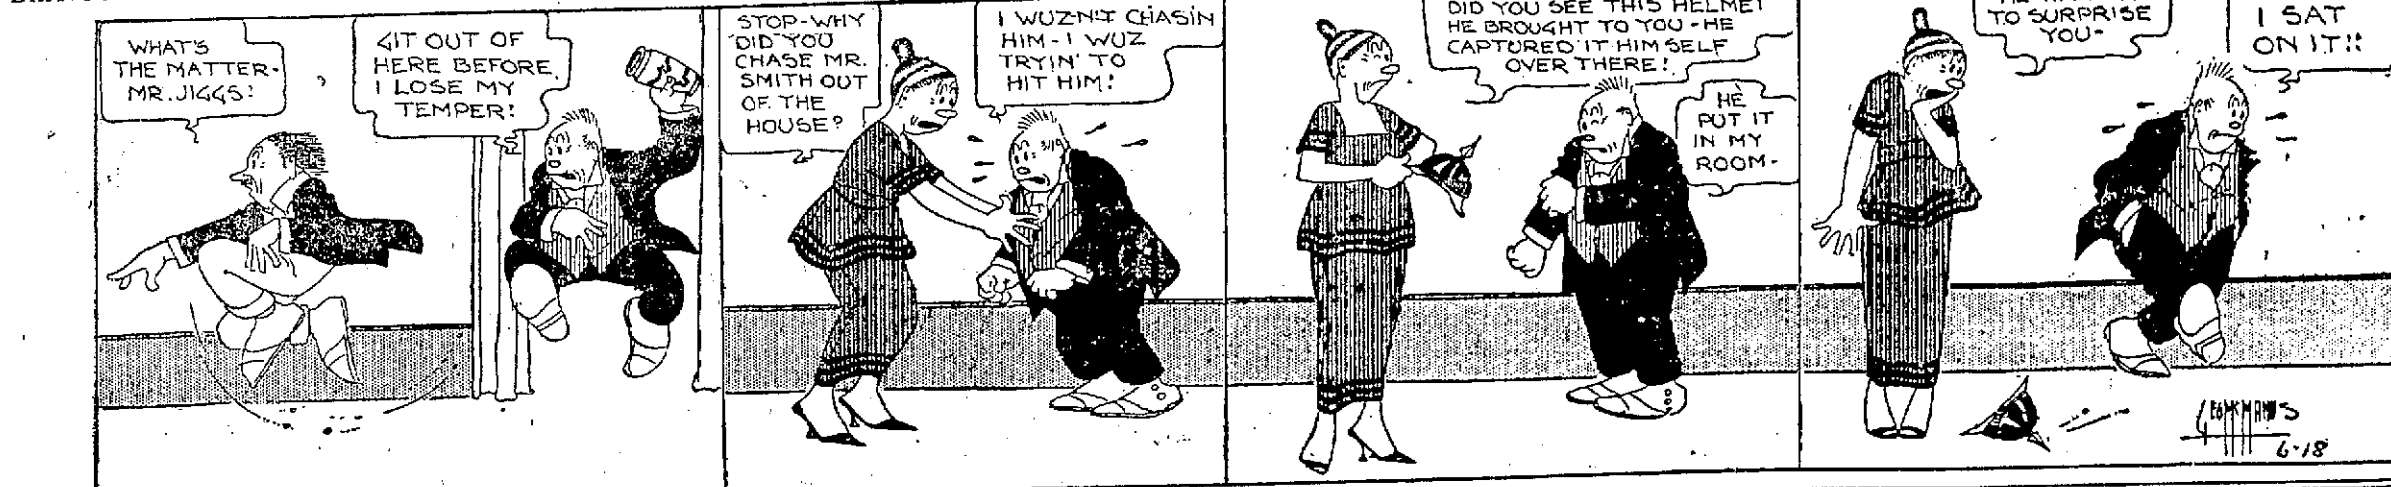

(BY INTERNATIONAL NEWS)

Toledo, Ohio, June 18.—Toledoans who are interested in seeing the big Willard-Dempsey bout pulled off here July 4 are not superstitious, but they don't relish the idea of Dr. William B. Frazer, Washington D. C., chief of the International Reform bureau, butting in.

Dr. Frazer is the champion stopper, suppressor and halter of the prize fight and recently came here to take a hand at stopping the Willard-Dempsey fight. Friends of boxing do not believe he will be successful, but—he's the man who prevented the prize fight in St. Paul, who told San Francisco if it permitted the Jeffries-Johnson fight it could not have the World's Fair—and got away with it—prevented the prize fight in London in 1889, close off when prohibition was less popular than now; stopped shipment of prize fight films in interstate commerce through national legislation, and so many other things it would be impossible to relate them all.

Dr. Frazer has been in the stopping game—moral uplift, he calls it—for 52 years and is still going strong.

GAS HOUSE OLYMPICS OUT FOR REVENGE ON WILLOWDALE, SUNDAY

The Gas House Olympics will play the strong Willowdale nine at Eaton's diamond Sunday afternoon. The Olympics lost to this same nine three weeks ago owing to a lot of bum decisions, but this time a real umpire will be on the job to see that the Gas House boys gets a square deal.

Several of the villagers were spectators at the Olympic-Harmony game last Sunday and they seem to have the idea that it will be an easy victory for them. Only six of the regular team were out Sunday and with a second string pitcher in the box they lost by three runs.

Attend will be on the firing line for the local nine. If his mustard ball falls to make them sneeze, Florsen will relieve him. Keene, the boy with the wicked wing to second, will be on the receiving end.

A motor bus will be used to convey the Olympics to the scene of action. It will leave here at 1 o'clock Sunday afternoon.

Centenarian Dies

Wausau, June 18.—Mrs. Wilhelmine Gusho, centenarian and oldest resident of Wausau, is dead. After being caught in a sudden rain while out walking recently she contracted a severe cold to which she finally succumbed.

So Toledoans are wondering whether he is losing his grip or whether he still has the old "knockout" punch that has enabled him to bump so many "enjoyable" enterprises.

DEMPSEY IN ACTION SHOWS HE'S FAST AND WONDERFULLY BUILT

By N. E. BROWN.

Toledo, O., June 18.—"What kind of a fellow is this bird Dempsey? Is he as fast as everybody says he is?" These are the first questions fired at anyone who has seen the challenger for Jess Willard's heavyweight crown in action.

The quickest Dempsey is to call him a "young short-horn bull." This doesn't fit him exactly, because there is nothing awkward about his rushing about the ring as there is in a young bull's movements.

Dempsey is a lot more like a wild-cat. He's the fastest heavyweight I've seen in action. The old-timers now watching both fighters in workouts at the training camps say the only big fellow they know of who could be compared with Dempsey, as far as speed is concerned, would be Gentleman Jim Corbett.

Dempsey fights from a semi-crouching position—the usual pose of a wallop, ear-in, give and take fighter. Because he is fast on his feet, as well as with his hands he is never off his balance—he always sets to tear in more and back up his wallops with his body.

Dempsey Isn't Huge.

He isn't a big man by any means. He's husky and splendidly built, but cannot be called big.

Flashes From The Diamond

(BY INTERNATIONAL NEWS)

Only twenty-three points separate the three leading teams in the American league, the White Sox, Yankees and Indians.

Want to know why the Browns are getting wallowed by the Yankees? Twenty-three of them were left on base in the last two games. Nuf sed.

Babe Ruth got himself another homer in the tag-end of a two-day slug and lost by the Red Sox to the Indians. It was Bunker Hill Day holiday in "Bean Town."

Home run drives by Risberg, Parkins and Burns were responsible for the White Sox defeat of the Athletics. Incidentally, the old Roman made a clean sweep of the series.

The Pirates made it three straight on the Phillies which is our idea of nothing to brag about.

Walter Johnson did it some more. This time he let the Tigers down with four swats while his teammates were amassing eleven.

The Cubs finally beat the Giants, but it required the eighth effort to turn the trick.

The Giants knocked Grover Cleveland Alexander out of the box last month but he had 'em eating out of his hand yesterday.

Chan Kilmer Awarded Championship Medal

In recognition of his ability, on the green felt, billiard fans have presented Chan Kilmer with a small silver medal bearing the inscription: "Billiard Champion, 1919. C. K." Mr. Kilmer recently defeated Frank Hoppe in a hard fought match here and has been winning a wicked cue for the last six months.

French and American Officials Will See the Inter-Allied Games

(BY ASSOCIATED PRESS)

Paris, Tuesday June 17.—President Wilson, General Pershing, President Poincare and Premier Clemenceau will participate in ceremonies incident to the opening of the inter-allied games on the Pershing stadium June 22. The program for June 22 includes a review of the contestants who are entered for the games.

is a paying investment. Letting your home "run-down" will

prove costly economy when the bill for repairs comes in. Save your home from the wear and tear of weather and hard usage and it will save you money in the end. Don't forget that a house well-painted will rent or sell for 20 per cent more than the house that shows lack of care.

Yeoman's Life Reads Like Fairy Tale

Washington, June 18.—When Betty Fisher, yeoman (f.) second class, reported for duty in the big new navy building, down in Potomac Park, Washington, D. C., at 9 o'clock one Saturday morning, she was wearing a salary of \$108 a month. An hour later she was the accredited possessor of something like \$2,000,000 and had received \$10,000 of her new fortune as a start.

It is just like an old-fashioned fairy story. All the yeomenettes agree that there is not a single circumstance to mar the tale. Betty Fisher, the heroine, is young and beautiful as every heroine should be. In disposition she is unselfish and lovable; as all heroines are, and through the stress of the war she has cheerfully done her duty each day. Her daily life has been much like that of any other government employee—at her desk from 9 a. m. to 4:30 p. m., attending Red Cross clubrooms and community centers in her recreation hours, writing letters and sewing a bit, for even the most punctilious yeomenettes like Betty grieve when off duty.

On the Saturday morning that brought the climax of the plot Miss Fisher had taken her place at her desk as usual except that, because it was a lovely spring day, she had decided to spend it out of doors instead of at her desk. She had been working but three-quarters of an hour when Charles P. McCauley, an attorney from Oklahoma, came to interrupt her.

"Your uncle, John Patrick McGowan, has left you all his property," the lawyer announced. "You have inherited \$2,000,000."

The little yeoman (f.) was so startled she could say nothing. It was not altogether a surprise, however, for she had received a delayed telegram bearing the news of her uncle's death, but she never expected even a million dollars, much less two million.

"But I did not have time to think about what it meant to come into so much wealth. I was too busy," she

Miss Betty Fisher.

explained. "I had to march in the afternoon and it was not until Sunday that I could begin to realize what a responsibility had come to me. Of course, I can't fully realize it yet and it may be a whole year before I have possession of my uncle's estate. I am glad of the necessary delays, for I can gradually make plans for the future. I shall not do anything hastily."

INCREASE NOTED IN ALFALFA CLOVER, AND HAY ACREAGE IN STATE

(SPECIAL TO THE GAZETTE.)
Madison, June 18.—Hay: A production of 5,225,000 tons of hay both tame and wild for the crop of 1919 is forecasted by Joseph A. Decker, of the Wisconsin Cattle Raisers' Association. This is based upon a condition of 94 percent of normal. Wet weather during May caused a decline of 1 percent since May 1, when the average was 95 percent. The production in 1918 was 4,338,000 tons, and the 5-year average (1914-18) was 4,327,600 tons.

The condition of the crop on June 1, 1918, was 86 percent and the 10-year average June 1, is 90.

Clover: The acreage of clover is estimated to be 55 percent greater than last year. Very little clover was killed during last winter, whereas a year ago one third of the crop was winter-killed. The condition of the clover crop for the state is placed at 96 percent compared with 79 percent last year and a 10-year average on June 1 of 9.

Alfalfa: The acreage of alfalfa is estimated to be 57,000 acres, an increase over last year of 50 percent. As with clover, winterkilling reduced the acreage last year nearly 50 percent, while this year little winter-killing occurred.

The condition of the crop on June 1 was 98 percent, compared with 80 on June 1 last year, and a 10-year average condition on June 1, of 83 percent.

Pastures: Pastures benefited greatly from the warm days of the week of May 13. The condition increased to 93 percent of normal from 88 percent on May 1. On June 1 last year the condition of pastures was 84, the 10-year average June 1, 91.

Condition of apples on June 1 is estimated to be 85 percent of normal, compared with 85 a year ago and a 10-year average of 78. A split of the wet weather during pollination the fruit appears to have set well.

Minor Crops: The condition of minor crops compared with a 10-year average is: Field peas, 96 and 94; field beans 93 and 96; cabbage, 91 and 91; onions, 97 and 91; sugar beets, 93 and 91.

In Rock county it is estimated that the acreage of clover is 125 percent of last year; of alfalfa, 115 percent of last year. The condition of all hay is 89 percent of normal; of clover, 90 percent; of alfalfa 96 percent; and of pasture 91 percent.

RICHMOND

Richmond, June 17.—Fred Goodger has purchased a new car.

Miss Grace Calkins entertained a friend the last part of the week.

Banns of marriage were published Sunday in Whitewater for Miss Gertrude Anderson and William Roe. The wedding will take place at the bride-elect was a former resident here.

Gladys Calkins was graduated from the primary course at the Whitewater normal Wednesday and will teach at Mt. Hope the coming year.

Mrs. Mary Keith and Effie, Whitewater, were week-end visitors at the George Keith home.

Mr. and Mrs. Oestendorf are entertaining his mother.

Mr. and Mrs. John Wolfman visited her brother's family near Lima Wednesday evening.

Miss Helen Johnson is a guest of relatives here.

Miss Ruth Peterson will be graduated from the Whitewater high school this week.

Paul, who was injured in an automobile accident near Turtle Lake, is at the Wheeler hospital, Whitewater. Mr. and Mrs. W. Nott attended the wedding of a cousin at Lake Beulah Saturday.

The Aid society will meet with Mrs. John Morton Wednesday afternoon, June 25.

Mr. and Mrs. W. Nott had as their guests for the week-end, Miss Fish, Milwaukee; Mrs. Pearce, Madison; and Roy Fish, Detroit.

Harley Johnson returned home from overseas Thursday. It has been two years June 6 since he enlisted.

SOUTHWEST LIMA

Southwest Lima, June 17.—Mr. and Mrs. J. B. Bennett and daughter of Milton called at O. W. Bennett's Saturday.

Mrs. J. J. Lackner and daughter attended the college commencement exercises at Milton last Thursday.

Mr. and Mrs. Ed. Weiss spent Sunday fishing at Whitewater lake.

John Powell delivered hogs at Milton Monday.

Mr. and Mrs. William Dixon, Milton, visited at John Lackner's Friday morning.

Several families from here spent Sunday at Lake Koshkonong.

The Town Line was well represented in Janesville Saturday evening.

Mr. and Mrs. J. J. Lackner and daughter and Leonard Weiss visited in Whitewater Sunday evening.

she declared. "I am glad about the money because it will mean a lot to all my family. I have a mother, three sisters and four brothers. One of my brothers has gone out to Oklahoma to look after my affairs. While he is away I shall go on to this country. Nothing will be changed in my daily routine. But while I am busy I shall plan a holiday of some sort."

It is my wish to use whatever wealth comes to me as wisely as possible," said Miss Fisher. "I would like first of all to buy a beautiful country place on Long Island. I want to establish a country home for sailors and soldiers who have been wounded."

"Then perhaps I can help girls and women—oh, I shall not try to be selfish or thoughtless."

"When I visited my uncle in the summer of 1917 I was in the saddle a great deal. My uncle lived in Meridian, Logan county, Okla., and the weeks I spent there were delightful. Life there was just as I had heard it was lived just as he lived before he struck oil. He was born in Ireland and he ran away from home when a boy. After he came to this country he prospered in the west until finally he found his bonanza in a well instead of a mine. He came east now and then to visit, but he belonged to the west."

Ever since I was a little girl I have lived in New York city and I did not go away to school. The part of my training I liked the best was that which I received at Pratt Institute. I took domestic science there and it has been so pleasant to be a yeoman with all one's duties laid out for me that I almost dread taking over real cares and responsibilities."

She signed the check for \$2,000,000 and the future—it will help me to understand a great deal about people. But I am glad that I am still a yeoman—second class."

And now comes the announcement that Betty Fisher, yeoman (f.), is planning to go abroad soon as a volunteer of the Catholic welfare board.

"I shall not do anything hastily,"

MRS. TAYLOR DIES AT HOME IN DELAVAN

Delavan, June 17.—Mrs. C. H. Taylor died at her home late last night after a lingering illness. She leaves besides her husband, two daughters, Gertrude and Grace, both of this city, and two sisters, Mrs. R. H. Thomas, Delavan, and Mrs. J. Clark of Indiana. The funeral announcement will be made later.

Francis Kenney resigned his position at the Delavan drug store and he has accepted a position.

Miss Adelaide Plack has completed her school duties and is at her home for the summer.

What! Drunk in Ohio? Thought Species Extinct

Dayton, Ohio, June 18.—There was a most unusual case in police court yesterday during the last week. A man was arrested on the charge of being "drunk." The species was thought to have been extinct since the day after the 27th of May.

At 4 o'clock the victory dance will be staged for the first time in the history of the state since the close of the civil war. According to a letter received by Governor Philipp, the Chippewa over 50 members of the Chippewa tribe saw overseas service and will be present at the home coming.

Newspaper correspondents from many cities of Wisconsin are planning to reserve to witness it a wireless and motion picture operator has obtained permission to take pictures of the religious procession and the victory dance.

"This will be a unique event in the history of the state," declared Governor Philipp.

One of the newspaper correspondents asked Governor Philipp how it will be possible to get telegraphic messages from Stone Lake, the nearest telegraph station, as there would be no telegraphers there.

"Well, I was raised as a telegrapher and followed that vocation for many years and if there is no one there to handle the case for you newspaper boys I will be on the job," declared Governor Philipp.
